

5-DAY VOCABULARY TEACHING PLAN

DAY 1 Introduce Target Vocabulary in Context

Materials: *Concept web, words in context sheet, word smart graphic organizer*

- Introduce vocabulary words and activate prior knowledge through discussion using a concept web, pictures, models, or toys.
- To provide a basis for understanding and discussion, read the words in context worksheet aloud with students. If appropriate, have them generate their own examples of words in context.

Classwork/Homework: Have students complete the word smart graphic organizer for select words. Encourage them to generate a synonym and an antonym, draw a picture, write a sentence, and formulate a definition for each selected vocabulary word, as appropriate for your group of students.

DAY 2 Use Vocabulary in Context and Reinforce Meaning

Materials: *Word cards, definition cards, analogy worksheet, cloze sentence worksheet*

- Review the word smart assignment from DAY 1. Allow students to discuss and compare their definitions and make revisions on their word smart worksheet.
- Give students the definition cards and have them check the part of speech and match the definition with the corresponding word card. If appropriate, give them the opportunity to use the definition cards to check and revise the definitions they wrote on their word smart worksheets.
- Using the word cards, encourage students to do an open sort or sort the words by part of speech. Additionally, you may choose to review the analogy worksheet with students. If appropriate, have them generate their own analogies.

Classwork/Homework: Have students apply their understanding of the vocabulary words by completing the cloze sentence worksheet.

DAY 3 Introduce and Apply Word-Attack Skills

Materials: *Word analysis worksheet or material for the exploration activity*

- Review the cloze sentence assignment from DAY 2.
- Introduce and discuss the word analysis or exploration activity to reinforce a skill, such as part of speech, common affixes, synonyms, antonyms, multiple meaning words, and so on.

Classwork/Homework: To reinforce word analysis skills, have students complete the word analysis worksheet or activity.

DAY 4 Review and Apply Words

Materials: *Word cards, vocabulary game, concept completion worksheet*

- Review the word analysis assignment from DAY 3.
- Choose a vocabulary game and have students play it to reinforce and review word meaning.

Classwork/Homework: To review and reinforce understanding, have students complete the concept completion worksheet.

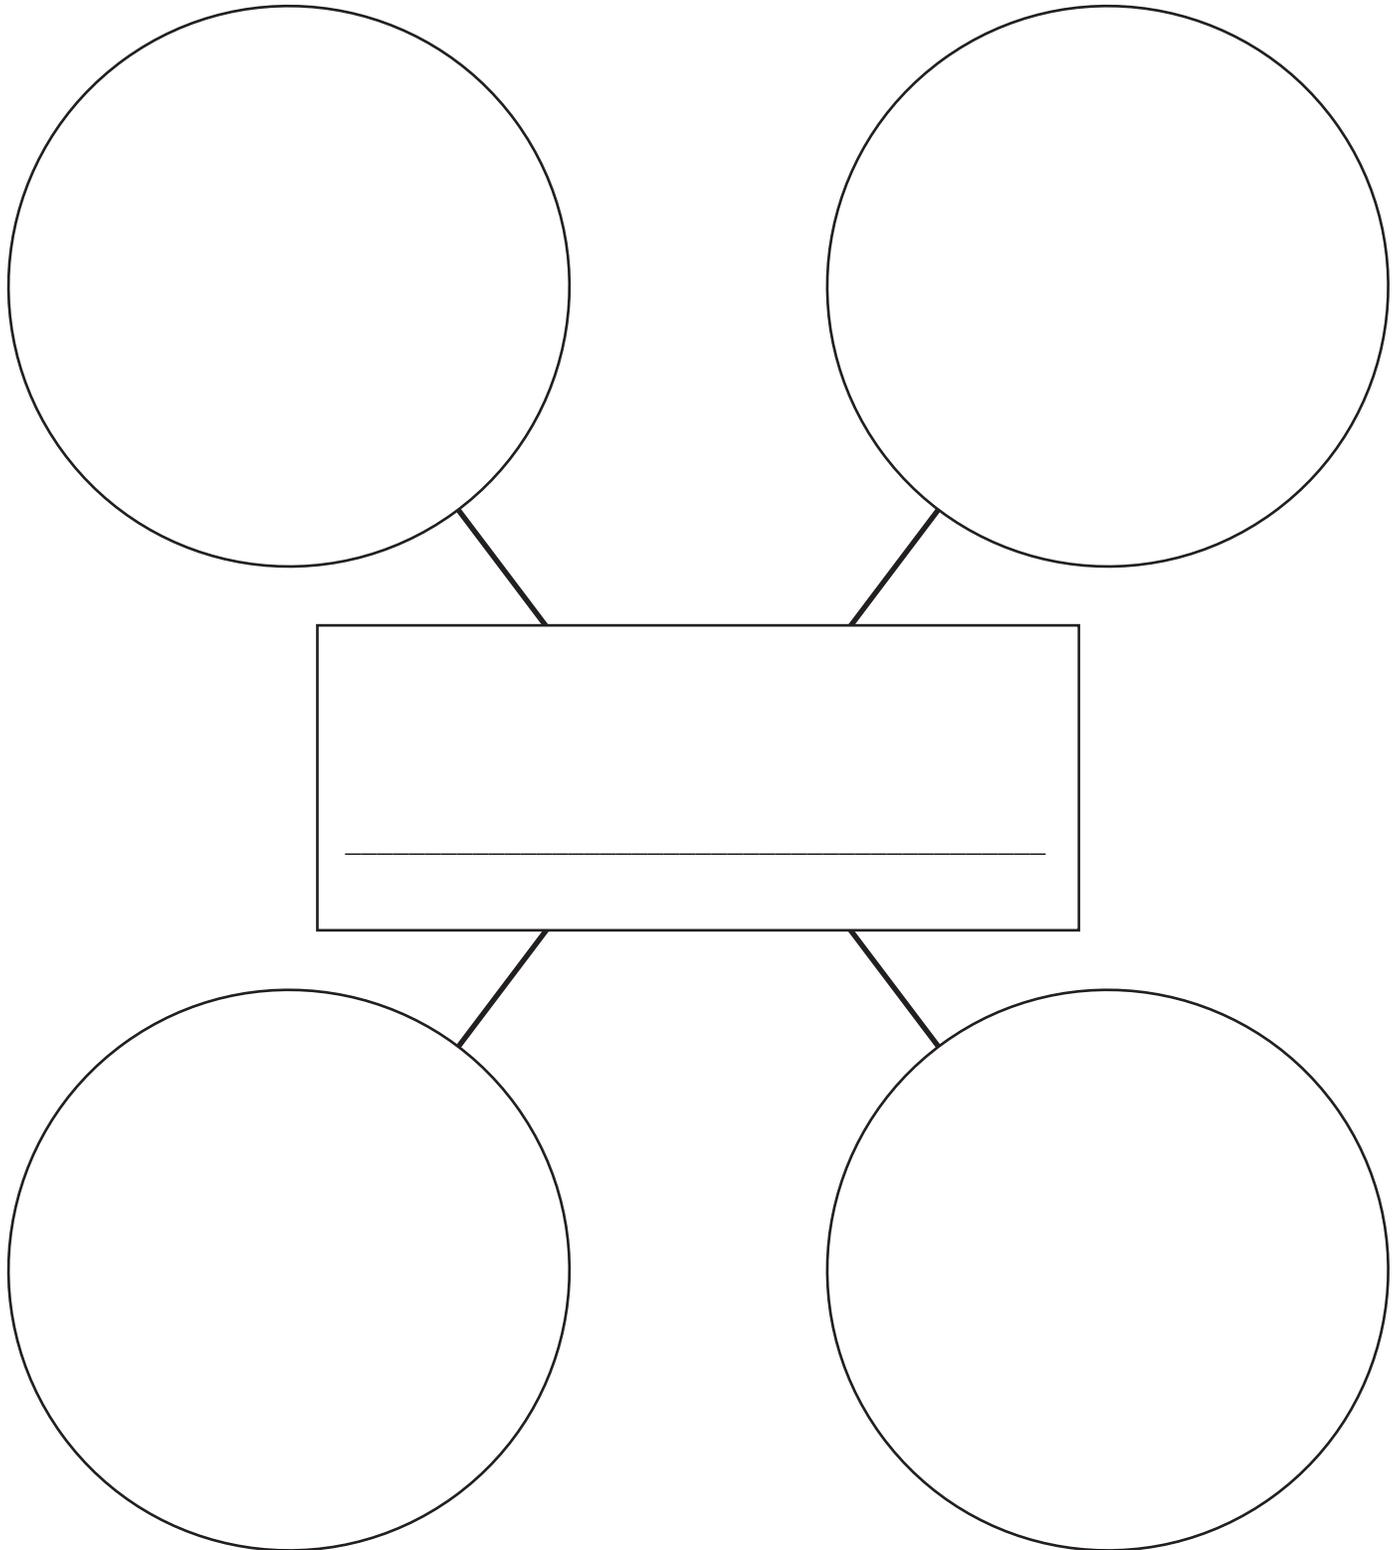

DAY 5 Assess

Materials: *Assessment, demonstration activity worksheet*

- Review the concept completion worksheet from DAY 4.
- Have students complete the multiple-choice assessment by either writing the correct choice in the blank or filling in the correct bubble.
- As an alternative assessment, have students participate in an activity selected from the vocabulary games sheet.

Name: _____

INSTRUCTIONS: Write a topic or word in the box. Then write details about the topic or word in the surrounding circles.

mineral

(noun)

1. Iron is a **mineral** available in small amounts in meats and beans.
2. Calcium is a **mineral** that is important for healthy bones.
3. If you cannot get a certain **mineral** from your food, it's a good idea to get it from a supplement.

photosynthesis

(noun)

1. During **photosynthesis**, plants convert water, carbon dioxide, and sunlight into carbohydrates and oxygen.
2. **Photosynthesis** takes place in the leaves of plants.
3. **Photosynthesis** is one of the many wonders of nature.

pollination

(noun)

1. **Pollination** is the transfer of pollen grains from the male structure of a plant to the female structure of a plant.
2. **Pollination** allows plants to produce seeds and fruit.
3. Bees, birds, bats, and wind all help **pollination** take place.

seedling

(noun)

1. A **seedling** is a young tree that measures no more than 3 feet in height.
2. A **seedling** grows from a seed and turns into a sapling.
3. He made sure the young **seedling** got plenty of sunshine and water so it would grow to be big and strong.

reproduce

(verb)

1. **Reproduce** means the same as breed or make babies.
2. When cats **reproduce**, they make kittens.
3. Bacteria can **reproduce** in as little as twenty minutes.

stamen

(noun)

1. A **stamen** usually has a stalk, or filament, with an anther on top, which holds pollen.
2. Apple blossoms have both a **stamen**, or male organ, and a pistil, or female organ.
3. Flowers have more than one **stamen** --in fact, a typical flower has six.

pistil

(noun)

1. The parts of a **pistil** include the ovary at the bottom, the style (stalk) in the middle, and the stigma at the top.
2. A **pistil** is the female reproductive organ of a flower, and there may be more than one in a flower.
3. Many flowers have both a **pistil** and a stamen, but some flowers have only female or male parts.

plant

(noun)

1. A **plant** cannot move from place to place by itself, but an animal can.
2. A **plant** is often green and can make its own food from sunlight.
3. A cactus is a **plant**.

stomata

(noun)

1. **Stomata** are tiny pores in leaf cells that allow oxygen and carbon dioxide to travel into and out of the leaf.
2. During photosynthesis, carbon dioxide from the air enters a plant's leaves through **stomata**.
3. During respiration, carbon dioxide and water vapor pass out of plants and into the air through **stomata**.

mineral

 **Vocabulary**  **.com** WORD CARD

a type of nutrient from
nonliving things that is
needed in small amounts
for health and normal
growth
(noun)

 **Vocabulary**  **.com** DEFINITION CARD

photosynthesis

 **Vocabulary**  **.com** WORD CARD

the process by which
chlorophyll in plant cells
transforms sunlight,
water, air, and nutrients
into food
(noun)

 **Vocabulary**  **.com** DEFINITION CARD

pollination

 **Vocabulary**  **.com** WORD CARD

the transfer of pollen from
flower to flower for the
purpose of fertilizing a
plant
(noun)

 **Vocabulary**  **.com** DEFINITION CARD

seedling

 **Vocabulary**  **.com** WORD CARD

a young, developing plant
that has grown from a
seed
(*noun*)

 **Vocabulary**  **.com** DEFINITION CARD

reproduce

 **Vocabulary**  **.com** WORD CARD

to make offspring that are
similar to the original
living thing
(*verb*)

 **Vocabulary**  **.com** DEFINITION CARD

stamen

 **Vocabulary**  **.com** WORD CARD

the male part of a flower,
where pollen is made
(*noun*)

 **Vocabulary**  **.com** DEFINITION CARD

pistil

 **Vocabulary**  **.com** WORD CARD

the female part of a
flower, where seeds begin
to grow
(*noun*)

 **Vocabulary**  **.com** DEFINITION CARD

plant

 **Vocabulary**  **.com** WORD CARD

a living thing that makes
its own food from
sunlight and cannot move
from place to place on its
own
(*noun*)

 **Vocabulary**  **.com** DEFINITION CARD

stomata

 **Vocabulary**  **.com** WORD CARD

tiny openings in leaves
and stems that allow
gases to enter and exit
(*noun*)

 **Vocabulary**  **.com** DEFINITION CARD

Name: _____

An **analogy** shows a relationship between two sets of words. The words in the first pair must have the same relationship as the words in the second pair. To complete an analogy with a missing word, you must first discover the relationship between the completed pair. (Example: *Cat* is to *meow* as *dog* is to *bark*.)

fossilized germinate production male lizard fluid
seeds person female

INSTRUCTIONS: Determine the relationship between the first pair of words. Then use the words in the word box to complete the second pair of words.

1. **Stomata** are to *pores* ...as... **saliva** is to _____.
2. **Plant** is to *bush* ...as... **reptile** is to _____.
3. **Photosynthesis** is to *leaves* ...as... **germination** is to _____.
4. **Stamen** is to *male* ...as... **pistil** is to _____.
5. **Pollination** is to *pollinate* ...as... **germination** is to _____.
6. **Mineral** is to *mineralized* ...as... **fossil** is to _____.
7. **Pistil** is to *female* ...as... **stamen** is to _____.
8. **Reproduce** is to *reproduction* ...as... **produce** is to _____.

Name: _____

An **analogy** shows a relationship between two sets of words. The words in the first pair must have the same relationship as the words in the second pair. To complete an analogy with a missing word, you must first discover the relationship between the completed pair. (Example: *Cat* is to *meow* as *dog* is to *bark*.)

fossilized	germinate	production	male	lizard	fluid
seeds	person	female			

INSTRUCTIONS: Determine the relationship between the first pair of words. Then use the words in the word box to complete the second pair of words.

9. **Seedling** is to *plant* ...as... **child** is to _____.

Name: _____

mineral	pollination	reproduce	pistil	stomata
photosynthesis	seedling	stamen	plant	

INSTRUCTIONS: Use the vocabulary words in the word box above to complete the sentences below.

1. _____ are tiny pores in leaf cells.
2. When species _____, they make more of their own kind.
3. A sunflower is a _____, and a mouse is an animal.
4. A _____ usually is made up of an anther and a filament.
5. _____ is the process by which plants make their own food.
6. A _____ is a young plant.
7. Iron, calcium, potassium, and sodium are each a type of _____.
8. A _____ is made up of an ovary, style, and stigma.
9. _____ is a step in plant reproduction.

INSTRUCTIONS: Assign one or more of the following activities to reinforce the function of nouns.

NOUNS

Draw a Picture

Materials: *Word cards; box or envelope; paper; pencils, markers, or crayons*

Place all the word cards in a box or envelope. Have students pull out a word card and draw a picture of the chosen word. Encourage them to draw a picture that illustrates the word's meaning.

Make a Picture Dictionary

Materials: *Paper; pencils, markers, or crayons*

Have students create a picture dictionary for the word list by writing their own definitions and drawing their own illustrations in their book.

Make a Sentence

Materials: *Word cards, box or envelope, strips of paper*

Place all the word cards in a box or envelope. Have students pull out a word card and use their chosen word to create a written or oral sentence.

Match a Word

Materials: *Word cards, tape, box or envelope*

Place all the word cards in a box or envelope. Have students pull out a word card and tape it onto an object in the classroom using the word as a label.

Mime It!

Materials: *Word cards, box or envelope*

Place all the word cards in a box or envelope. Have students pull out a word card and act it out. Have classmates try to guess the word.

Pick a Synonym or Antonym

Materials: *Word cards*

Place all the word cards in a box or envelope. Have students pull out a word card and give a synonym or an antonym for the chosen word. (You may choose to omit words that do not have synonyms or antonyms, or you may choose to include them as points of discussion.)

Concentration

Materials: *Word cards, definition cards*

Make copies of the reproducible word and definition cards. Cut them out. Place the cards face down on a table. Have students match each word card with its corresponding definition card.

Draw It

Materials: *Word cards, definition cards, dry-erase board and marker*

Make two-sided copies of the reproducible word and definition cards so that the words are on one side of the page and the corresponding definitions are on the flip side. Place all the word cards in a box or envelope. Have a student pick a card and not allow his or her classmates to see it. Then have the student draw a picture of the word on a dry-erase board while the other players guess the word. The first player to correctly guess the word gets to keep the word card. The player holding the most word cards at the end of the game wins.

Flash Cards

Materials: *Word cards, definition cards*

Make two-sided copies of the reproducible word and definition cards and cut them apart so that the words are on one side of the cards and the corresponding definitions are on the flip side. Have students quiz each other on word meaning using the cards. Then, to assess understanding, hold up each card (word side out) and have students say the word's meaning. After you've made your way through the entire deck, flip the cards over (definition side out) and have students say the word based on the definition.

I Would, I Wouldn't

Materials: *Word cards*

Make copies of the word cards. Place all the word cards in a box or envelope and have pairs of students choose a word. Have the first student in the pair begin the game by using his or her vocabulary word to complete a sentence that begins with: "I would..." (I would like to know more about how a *tornado* is formed.) The second student in the pair then follows by using the same vocabulary word to complete a sentence that begins with: "I wouldn't ever..." (I wouldn't ever want to get caught in a *tornado*.) As pairs of students continue to pick words and complete "I would..." and "I wouldn't..." sentences, encourage responses that show they understand the meaning of the word.

Jumble It

Materials: *Word list, writing paper*

Place a vocabulary word list where everyone can see it and give each student a sheet of writing paper. Explain that students are to make a word jumble for a partner. They are to choose the vocabulary words at random and write them, one word per line, in a mixed-up fashion in a column along the left side of their paper, leaving room on the right side for their partner to unscramble the word. When students have finished jumbling their words, have them trade papers with their partner to solve each other's jumble. The first partner to unscramble the words correctly is the winner.

Once Upon a Time

Materials: *Word cards*

Make copies of the word cards. Cut them apart and place them face down in front of a pair or group of students. Have students take turns drawing a word card and using the word to complete the sentence, "Once upon a time, I..." (This activity can be completed aloud or in writing.)

It's in the Bag

Materials: *Word cards, action cards, sentence cards, three paper bags*

Make a copy of each set of cards (word cards, action cards, and sentence cards). Place each set of cards in a separate paper bag. Label one bag "Word Bag," one "Action Bag," and one "Sentence Bag." Then have each student pick a word card from the Word Bag and read the card aloud. Next, have him or her pick a card from the Action and/or Sentence Bag and use his or her chosen vocabulary word to do as the card(s) instruct. For an added challenge, allow students to select more than one action or sentence card to use with their word. Play until each student has had the chance to read and use his or her word, or as time allows.

Quick Change

Materials: *Word list, dry-erase marker, old sock, plastic-topped desk or dry-erase board for each player*

Have students stand in front of their plastic-topped (NOT wooden) desk with a dry-erase marker and an old sock. Post the vocabulary list where everyone can see it. Tell students that when you say "go," they are to choose a word on the list and draw a picture of it on their desk or dry-erase board. When you say "stop," they are to stop and move to the desk to their right. Then have each student guess which vocabulary word is depicted in the drawing on their new desk. They should then check their answer with the person to their right who drew it. Then have them erase that drawing and begin playing again with a different word. Allow students to continue moving around the room, drawing each new word at a new desk. The game ends when all the words have been used or time runs out.

Scavenger Hunt

Materials: *Word cards, newspapers, textbooks, magazines*

Have students go on a scavenger hunt by searching in newspapers, textbooks, and magazines for the words on the vocabulary word list.

Story Train

Materials: *Word cards, writing paper*

Hand each student a word card and a sheet of writing paper. Explain that the goal of the game is to complete group stories. Give students a specific time limit in which to write, such as two minutes. Have them use the word on their word card to begin writing a story. At the end of the allotted time period, have them pass their story paper to the student on their left. Each student should then read the beginning of the story he or she received and add to it using his or her word card. Before ending the exercise, let students know that the last round has begun and have them write a conclusion to the story. Invite those who write the conclusion to read the entire story aloud.

Word Associations

Materials: *Word cards, timer*

Make copies of the word cards. Cut them apart and place them face down in front of a group of at least four students. Have students take turns drawing a card. After everyone has drawn a card, start the timer. Have one member of the group name all the things he or she can associate with his or her word in the time allotted. Have another player record the words and another player tally how many words were named. Then have another player check the associations. When the timer is done, players may challenge any association the featured player named. If the player cannot justify the association, the player loses 5 points. If the player can justify the association, the challenger loses 5 points. Play continues until all the words have been played or until time runs out. All unchallenged words earn 1 point for the player. The player with the most points at the end of the game wins.

Word Lotto

Materials: *Word cards, definition cards*

Make copies of the reproducible word cards and definition cards. Place the word cards face up on the table. Place the definitions in a stack face down. Have players draw a definition card and match it to the word card. You may wish to play again using the definition cards face up and the word cards in a stack face down.

Wordo

Materials: *Wordo game board, word cards, definition cards, place markers*

Make copies of the reproducible Wordo game board to hand out to students. Write each of the vocabulary words on the board. Then have students write each word once in any blank square on their Wordo game board. Have them read the word or definition for each vocabulary word one at a time. Have students use a place marker to cover the square on their paper that contains the word you read or defined. The first student to fill in a row of squares shouts "Wordo!" and wins. Verify student answers by having them read each covered word and then telling you the word's definition.

Which Word?

Materials: *Word cards*

Make copies of the word cards. Cut them apart and place them face down in front of a pair or group of students. Have students take turns drawing two cards at a time. Begin by having the first player use one of the chosen words to complete a sentence that begins with: "Which word would I use...?" Then have the speaker show his or her words, and ask the other player(s) to choose which word the speaker was thinking of when composing his or her sentence.

Example:

eye

ear

Which word would I use to hear a cat meowing?

Use the word in a sentence
with a hippopotamus.

 SENTENCE CARD

Use the word in a sentence
with an alien.

 SENTENCE CARD

Use the word in a sentence
**with a peanut butter
and jelly sandwich.**

 SENTENCE CARD

Use the word in a sentence
with a chicken.

 SENTENCE CARD

Use the word in a sentence
with a superhero.

 SENTENCE CARD

Use the word in a sentence
with a lizard.

 SENTENCE CARD

Use the word in a sentence
with a scientist.

 SENTENCE CARD

Use the word in a sentence
with a monkey.

 SENTENCE CARD

Use the word in a sentence
with the president.

 SENTENCE CARD

Use the word in a sentence
with a worm.

 SENTENCE CARD

THE SENTENCE CARDS CAN BE USED WITH THE "IT'S IN THE BAG" GAME.

Use the word in a sentence
with a gooey lollipop.

 SENTENCE CARD

Use the word in a sentence
with a banana.

 SENTENCE CARD

Use the word in a sentence
with a million dollars.

 SENTENCE CARD

Use the word in a sentence
about taking a test.

 SENTENCE CARD

Use the word in a sentence
about a rock concert.

 SENTENCE CARD

Use the word in a sentence
about a video game.

 SENTENCE CARD

Use the word in a sentence
**about eating something
that tastes bad.**

 SENTENCE CARD

Use the word in a sentence
**about sailing
across the ocean.**

 SENTENCE CARD

Use the word in a sentence
about a mysterious box.

 SENTENCE CARD

Use the word in a sentence
**about winning
a contest.**

 SENTENCE CARD

THE SENTENCE CARDS CAN BE USED WITH THE "IT'S IN THE BAG" GAME.

Use the word in a sentence
about reaching a goal.

 SENTENCE CARD

Use the word in a sentence
about a football game.

 SENTENCE CARD

Use the word in a sentence
with a friend.

 SENTENCE CARD

Use the word in a sentence
with a funny hat.

 SENTENCE CARD

Use the word in a sentence
with Elvis.

 SENTENCE CARD

Use the word in a sentence
with a magician.

 SENTENCE CARD

Use the word in a sentence
about a vacation.

 SENTENCE CARD

Use the word in a sentence
about life in the city.

 SENTENCE CARD

Use the word in a sentence
**about living
on the moon.**

 SENTENCE CARD

Use the word in a sentence
about saving the day.

 SENTENCE CARD

THE SENTENCE CARDS CAN BE USED WITH THE "IT'S IN THE BAG" GAME.

Give a
synonym.

 VocabularyA-Z.com ACTION CARD

Give a
synonym.

 VocabularyA-Z.com ACTION CARD

Give an
antonym.

 VocabularyA-Z.com ACTION CARD

Give an
antonym.

 VocabularyA-Z.com ACTION CARD

Use the word in a
sentence.

 VocabularyA-Z.com ACTION CARD

Use the word in a
sentence.

 VocabularyA-Z.com ACTION CARD

Show
the word without talking.

 VocabularyA-Z.com ACTION CARD

Show
the word without talking.

 VocabularyA-Z.com ACTION CARD

Describe it!

 VocabularyA-Z.com ACTION CARD

Describe it!

 VocabularyA-Z.com ACTION CARD

THE ACTION CARDS CAN BE USED WITH THE "IT'S IN THE BAG" GAME.

CHANCE CARD

Skip-a-roo!

Use this card at any time to skip a turn.

CHANCE CARD

Skip-a-roo!

Use this card at any time to skip a turn.

CHANCE CARD

The card holder reverses direction.

CHANCE CARD

The card holder reverses direction.

CHANCE CARD

Draw 2

The card holder must draw two cards.

CHANCE CARD

Draw 2

The card holder must draw two cards.

CHANCE CARD

SLAM!

The card holder chooses another player to take his or her turn.

CHANCE CARD

SLAM!

The card holder chooses another player to take his or her turn.

CHANCE CARD

CELEBRATE!

Card holder's choice:

- Skip a turn.
- Reverse direction of play.
- Have another player draw two cards.
- Have another player take the card holder's turn.

CHANCE CARD

CELEBRATE!

Card holder's choice:

- Skip a turn.
- Reverse direction of play.
- Have another player draw two cards.
- Have another player take the card holder's turn.

THE CHANCE CARDS CAN BE USED WITH ANY CARD GAME.

Name: _____

INSTRUCTIONS: Use what you know about the vocabulary words to complete the following sentences.

1. Species **reproduce** to _____.
2. **Stomata** are _____.
3. Without **pollination**, plants could not _____.
4. To survive, a **seedling** needs _____.
5. **Photosynthesis** allow plants to _____.
6. A **stamen** is _____.
7. A **pistil** is _____.
8. A **mineral** is _____.
9. An example of a **plant** is _____.

Name: _____

INSTRUCTIONS: Choose the best answer to complete each statement.

1. _____ is not a mineral.
 (a) Calcium
 (b) Iron
 (c) Vitamin C
2. Photosynthesis takes place in the _____ of a plant.
 (a) roots
 (b) flowers
 (c) leaves
3. You would not expect _____ to help with pollination.
 (a) bats
 (b) beavers
 (c) bees
4. A seedling turns into a _____.
 (a) mature tree
 (b) seed
 (c) sapling
5. When dogs reproduce, they make _____.
 (a) kittens
 (b) puppies
 (c) calves
6. A stamen does not include _____.
 (a) an anther
 (b) a filament
 (c) an ovary
7. _____ flowers have both a pistil and a stamen.
 (a) Few
 (b) Most
 (c) No
8. A _____ is a plant.
 (a) deer
 (b) cactus
 (c) cat
9. During _____, carbon dioxide from the air enters a plant's leaves through stomata.
 (a) photosynthesis
 (b) transpiration
 (c) respiration
